

CEMA D IDLERS - 3400 SERIES

Luff Industries' patented polymer endcap design offers the ultimate in strength, durability and sealing performance.

Full 2 Year Warranty

- Available in 5" & 6" diameters
- Entire shell is dipped before assembly to prevent corrosion from inside
- Idlers meet all CEMA standard dimensions
- CEMA D Impact Idlers are designed with reinforced end plates and angle iron to take maximum load and impact.
- Very low roller runout (TIR)

Polymer endcaps provide an improved sealing arrangement, protecting the bearing from various environmental contaminants including dust and moisture.

High Moisture Seal Available
